The screenshot shows the DRPU Bulk SMS (Professional) software interface. At the top, there is a header with the DRPU logo, the text "Bulk SMS", and a "Buy Now" button. Below the header, the interface is divided into several sections: "Enter Recipient Number" with an input field and an "Add" button; "Import and Composing Options" with buttons for "Load Contacts From File" and "Add or Paste numbers Manually"; and "Options" with a "Selected Mobile Device" dropdown. A central table displays "Total Numbers : 1" with columns for "Number" and "Message". A dialog box titled "Apply message to list items" is open in the foreground, containing three radio button options: "Apply message to all list items" (which is selected), "Apply message only to selected list items", and "Apply message only in blank list items". The dialog also has "OK" and "Cancel" buttons. At the bottom of the interface, there is a "Message Composer" section with a character count of "88 Characters" and a text area containing a message. Below the composer are buttons for "Contact us", "Send", "Reset", "Sent Item", "About Us", "Help", and "Exit". The website "SendGroupSMS.com" is visible in the bottom right corner.
